

Maintain... Repair... Learn... Enjoy! That's what Garage Gang is all about!

It's for Corvette lovers to get together, share their knowledge and lend a hand on projects big and small.

We've done everything from installing entire engines, to sorting electrical gremlins, tune-ups, fuel system cleaning, detailing tips, and more. Sometimes we just hang out and eat the coffee and donuts typically provided by the host.

If you would like to **host a Garage Gang**, all you need to do is have a place where 8 or 10 Corvettes can park... a work space for a Corvette or 2... preferably a few tools... and most importantly... the previously mentioned coffee and donuts or other refreshments. It's that easy. How about one at YOUR PLACE?

Need a little help... a bit of advice?

Got a garage? Got a driveway? Got a project? Join the gang!

If you need more information or help in setting up your own Garage Gang please contact: [Ken Ackeret](#) or [Skip Kelley](#)
